

## XOANONS® Fluorine surfactant

### Model number

XOANONS®WE-D8900N

### Composition

Fluorocarbon compound

### Specifications

Model number	Appearance	Solvent	Density(g/ml) (25±1)°C	Viscosity(s) (25±0.2)°C	Active content(%) (140°C 2h)	Flash point(°C)
XOANONS® WE-D8900N	slight yellowish to yellow translucent viscous liquid	--	1.11-1.15	≥Z1 (Bubble viscometer)	≥96	>100

### Application system

Solvent based coating/paint    UV cure coating/paint

### Suggested addition

Model number	Addition to total formulation%
XOANONS®WE-D8900N	0.05-0.5

### Incorporation

The additive diluted with the solvent can be incorporated during any stage of the production process, including post-addition.

### Application recommendation

Model number	A	B	C	D	E
XOANONS®WE-D8900N	5	5	1	4	3.5

A=Transparency in varnish; B=Anti-orange wave ability; C=Defoaming;

D=Dynamic surface tension; E=Static surface tension.

0=unavailable 5=very effective

### Property and advantage

Model number	Property and advantage
XOANONS® WE-D8900N	Good varnish compatibility. Provide excellent long-wave leveling, good anti-cratering. Prevent orange-peel. Suit for the primer of vacuum coating. Increase DOI and gloss, do not influence recoating. Not subject to IATA DGR which could transport as general goods.

This information is given to the best of our knowledge. Because of the multitude of formulations, production, and application conditions, all the above mentioned statements have to be adjusted to the circumstances of the processor.

## **Package**

25KG     180KG

The container should be closed tightly before completely use up.

## **Storage**

Should store in cool and dry place.

Can keep intact 24 months in original package.
